Philosophy

1. The economy and society are changing

brand eins is the business magazine that looks at change. We are not interested in status quo, we are interested in what is developing. We are looking at the economy, society and culture for signs of a new era, for people and companies who are facing up to the future.

2. brand eins wants to understand the economy and make it understandable

We are not looking for scapegoats – we are looking for causes, circumstances and backgrounds. As an editorial office that has become a company of its own we have a different view of the economy, successes and failures. And on the people who do business.

3. brand eins wants to be useful to its readers

Not with tables and check lists – but with stories that give them ideas and that explain backgrounds and developments to them. And that show them what makes people tick.

Values

Fairness

to our readers who can always expect the highest quality that we are able to provide. To our dialogue partners who can always rely on our word. To our advertising customers who do not have to fear that we are giving better prices to others.

Independence

in reporting: There are no connections between editorial reporting and advertising business. Precisely because we also allow ourselves to appreciate business performance, editorial independence is our highest value. As a company: the business magazine brand eins is a product of brand eins Medien AG, which emerged in 2000 from brand eins GmbH founded in 1999. The co-founders Oliver Borrmann, Volker Walther and Gabriele Fischer are still on board; in the meantime other private individuals have been added as shareholders.

Credibility

Since the first edition brand eins has been growing steadily and in spite of all the economic downturns – primarily by word of mouth. Readers of brand eins like to talk about it. And: they develop a relationship – with the magazine, with the editors and with everything connected with them. This kind of relationship results in high standards – but that is the foundation on which we stand.

Passion

brand eins has come into being because people believed in their idea of a different magazine. At first it was only an editorial office, then an editorial office with investors, later an editorial office with investors and a publishing house. And today it is brand eins Medien AG which publishes next to the business magazine brand eins in its subsidiary brand eins Wissen alongside award-winning customer projects with brand eins Neuland and brand eins Thema separate and independent publications. Most recently, the team also organizes brand eins to touch: the future conferences and events on specialized topics. Ideas have power and can move things. That is the conviction driving us.

Useful information

Community

brand eins has continuously increased the circulation and reader numbers from the first edition in October 1999, primarily by word of mouth. But brand eins readers do not only like talking about brand eins, they also like talking to each other. The brand eins group on the social network Xing is with around 50,000 members one of the largest media communities on the net. In November 2009 two readers set up a fan page on Facebook to which meanwhile more than 150,000 people have registered (as of September 2016).

Formats 01

brand eins is a magazine that in October 1999 set out to put the best aspects of print to paper. Many awards for layout and text quality have confirmed this in the last few years – but that is no reason to stand still. For twelve years now the focus has also been with Audible in a hosted audio version, free for subscribers. And since May 2010 there is also brand eins on iPad, as one of the first media products. Adverts that appear in the magazine can be for now included free of charge in the digital edition. You can however also experiment with the new format and brand eins. Our advertising team would be pleased to advise you on the options.

Formats 02

There are even more new possibilities to address brand eins readers. On the home page and the article pages on our website brand eins.de you can choose from three exclusive advertising spaces. Our online marketer OMS would be pleased to advise you. Furthermore we offer an additional eye-catching advertising space on the home page with our Premium-Ad. In the magazine with format 2hoch2 we have created an attractive place for product presentations. What is more, for many years we offered the possibility of inserting small ads there, an option that has meanwhile become very popular.

Miscellaneous: Before an order can be definitely confirmed specimen copies of the loose inserts, bound inserts or tip-ons must be checked by the publisher. Please send us at least 5 specimen copies 4 weeks before the ad closing date. You will be given the delivery print run and delivery address with the order confirmation. Supplement for processing: 1% of the number of copies filled. All prices are indicated exclusive of VAT. Agency commission: 15%. The frequency discount applies.

2hoch2 advertisements

A special format. And particular possibilities: Do you want to present your product or range to the brand eins readers – but have no advertising campaign? No problem. Format „2hoch2“ puts together what you already have to hand: a photo, a short product description, a headline and your address. We will design a half-page advertisement (see illustration) that will appear together with three other presentations on a double page. Here's exactly what we need for that:

Element:	Specifications:
a foto/picture element	92 x123 mm TIFF file, 300dpi
product text/picture caption	maximum 250 characters including spaces
headline	maximum 28 characters including spaces
contact address	optional
logo	TIFF file, 300dpi or EPS/PDF converted to outlines
price	€ 2,900 plus VAT. The discount given applies.

Send these components up to the artwork closing date of the desired edition of brand eins by e-mail to jan_vanmuenster@brandeins.de. You will then receive the finished advert as PDF for approval. And your brand will be presented in brand eins. You can book this format on 2hoch2_anzeigen@brandeins.de.

Technical data tablet edition

All adverts that are booked in the brand eins magazine can be also published in the brand eins app on the tablet edition. Should you NOT want publication of your advert on the tablet edition please let us know in writing before the issue appears.

For the correct representation on the tablet edition we need your advert as follows:

Data format	JPEG
Representation portrait format	1536 x 2008 px without trim
Representation landscape format	2048 x 1496 px without trim
Colour mode	RGB
Resolution	200dpi

If both formats (portrait and landscape) are not supplied, then only upon delivery of a high format, the ad is shown in landscape format with a black border on the left and right. A double-page ad is displayed in landscape full frame, in portrait format with black borders above and below.

If you have any questions regarding the technical requirements of your advert for the tablet edition, please contact Frank Dahlmann, frank_dahlmann@brandeins.de.

General Terms and Conditions of Business for advertising orders in brand eins

Clause 1 By placing an order the Customer recognises the General Terms and Conditions of Business and the currently valid price list of brand eins Verlag GmbH & Co. oHG (hereinafter called „Contractor“) for advertising orders in brand eins as binding.

Clause 2 The agreement between Customer and Contractor comes into force when the Contractor confirms the order in writing. In the event of objections the Customer must object in writing within 3 days after the receipt of the order confirmation. After the expiry of this period the silence of the Customer shall be deemed to be consent to the terms and conditions of the order confirmation.

Clause 3 An „order“ within the meaning of these General Terms and Conditions of Business is the agreement between Contractor and Customer about the publication of one or more advertisements or other promotional materials (e.g. inserts) of an advertiser or other space buyer (hereinafter designated altogether as „Advertisers“) in the publication brand eins for the purpose of dissemination.

Clause 4 A „Contract“ is an agreement concerning the publication of several advertisements, where-by the publications are carried out on as requested by the Customer. If within the scope of a Contract the right to request individual advertisements is granted, the order must be processed with-in one year from the appearance of the first advertisement insofar as the first advertisement is requested and published within one year after the conclusion of the Contract.

Clause 5 Advertisements that, because of their design, are not recognisable as advertisements will be clearly identified as such by the Contractor with the word „Advertisement“.

Clause 6 The Contractor reserves the right to refuse orders completely or partly if their content violates laws or administrative regulations or their content has been objected to by the German Advertising Standards Authority in a complaints procedure or the Contractor cannot reasonably be expected to publish them because of their content, origin, design or the technical form. The Customer will be immediately informed about the refusal of any order. Inserts with third-party advertisements will be charged with a supplement of 25 percent per third-party advertisement.

Clause 7 The Customer shall have sole responsibility for the timely delivery and error-free quality of appropriate artwork or other promotional material. For the delivery of artwork the Customer is obliged to supply copy for advertisements and other promotional material that is correct, in particular meeting the Contractor's requirements in terms of format and technical specifications in good time up to the artwork closing date. For colour matching a position and colour-accurate digital proof is required, containing the Fogra Media Wedge and complying with ISO 12647-2 or the current up-to-date media standard. Without such a proof no guarantee is given for the accurate colour reproduction. Galley proofs are not sent.

The Contractor shall be liable for all damage, irrespective whether it is a breach of contractual duty or improper handling in line with the following provisions: for gross negligence, liability in the course of business with traders is limited to reimbursement of the typically foreseeable damage; this limitation does not apply insofar as the damage has been caused by legal representatives or senior executives of the Contractor. For ordinary negligence the Contractor shall only be liable if an essential contractual duty has been breached. In such cases the liability is limited to the typically foreseeable damage. For claims under the German Product Liability Act as well as for injury to life, limb and health the Contractor is liable in accordance with the legal regulations. Complaints must – except for unapparent defects – be asserted immediately after receipt of the invoice and voucher copy, at the latest however 7 days after the receipt of the voucher copy. All claims made against the Contractor for breach of contractual duty become time-barred one year from the legal period of limitation if they are not based on wilful act.

Clause 8 Artwork is only returned to the Customer on special request. The Contractor's duty to keep artwork ends three months after the first publication of the advertisement.

Clause 9 If the publication of the advertisement does not meet the quality or service do not meet the contractual requirements, the Customer is entitled to a reduction in payment or an error-free replacement advertisement or replacement publication of the other promotional material but only to the extent to which the purpose of the advertisement or the other promotional material has been impaired. In the case of insignificant defects in the advertisement or the publication of the other promotional material, rescission of the order is excluded.

Complaints for unapparent defects by the Customer must be asserted within one year from the legal period of limitation, otherwise all rights are excluded.

The Contractor shall be liable for all damage, irrespective whether it is a breach of contractual duty or improper handling in line with the following provisions: for gross negligence, liability in the course of business with traders is limited to reimbursement of the typically foreseeable damage; this limitation does not apply insofar as the damage has been caused by legal representatives or senior executives of the Contractor. For ordinary negligence the Contractor shall only be liable if an essential contractual duty has been breached. In such cases the liability is limited to the typically foreseeable damage. For claims under the German Product Liability Act as well as for injury to life, limb and health the Contractor is liable in accordance with the legal regulations. Complaints must – except for unapparent defects – be asserted immediately after receipt of the invoice and voucher copy, at the latest however 7 days after the receipt of the voucher copy. All claims made against the Contractor for breach of contractual duty become time-barred one year from the legal period of limitation if they are not based on wilful act.

Clause 10 The Contractor will send its invoice at the latest 14 days after the publication of the advertisement or of the other promotional material. The invoice is due for payment 30 days after receipt unless a different

General Terms and Conditions of Business for advertising orders in brand eins

payment date is agreed in writing by both parties. If the Contractor receives the payment within 8 days from the invoice date, the Customer may retain a discount of 2 percent of the invoice amount.

Clause 11 In the event of payment arrears or deferment of payment, interest in the amount of 5 percent above the base interest rate will be charged as well as the collection costs. In the event of payment arrears the Contractor may postpone the further execution of the current order until payment. In the event of justified doubt about the Customer's ability to pay the Contractor shall be entitled, even during the life of an advertising Contract, irrespective of an originally agreed payment date, to make the appearance of further advertisements dependent on payment of the amount in advance for the advertising closing date and on the settlement of any open invoice amounts.

Clause 12 If the publication in which the advertisement or the other promotional material of the Customer must appear under the Contract, appears less than one month later than the date given to the Customer, this is not to be regarded as delay of the Contractor and does not create any rights in favour of the Customer.

Clause 13 The Contractor shall supply at its choice free of charge up to 3 complete voucher copies or a corresponding number of ad cuttings or tear sheets to the Customer. If a voucher can no longer be created, it must be replaced by a legally binding attestation by the Contractor about the publication and dissemination of the advertisement or of the promotional material.

Clause 14 A claim for price reduction for a Contract on several advertisements can only be derived from a reduction in circulation if, on overall average circulation of the insertion year starting with the first advertisement, the average circulation stated in the price list or in any other way or – if a circulation figure is not stated – falls below the average circulation sold of the previous calendar year. A reduction in circulation is only a deficiency entitling to price reduction if it amounts to 20 percent in a circulation of up to 50,000 copies, 15 percent in a circulation of up to 100,000 copies and 10 percent in a circulation of up to 500,000 copies. Furthermore for Contract Customers, price reduction claims are excluded if the Contractor has made the Customer aware of the reduction of the circulation in such good time that the latter was able to withdraw from the Contract before the advertisement appeared.

Clause 15 Advertising brokers and advertising agencies are obliged in their quotations, Contracts and accounts with the advertisers in each individual case to adhere to the price lists of the Contractor.

Clause 16 The Customer shall guarantee that he owns all rights required for the publication of the advertisement. The Customer shall have sole responsibility for the content and legitimacy of the text and graphic materials as well as the promotional material supplied. The Customer shall indemnify the Contractor within the scope of the order from all third-party claims that may arise because of the violation of legal regulations. Furthermore the Customer shall indemnify the Contractor from all legal defence costs. The Customer is under

the obligation to support the Contractor in good faith with information and documents for the legal defence against third parties. The Customer will transfer to the Contractor all copyright rights of use, ancillary copy-rights and other rights required for the use of the advertising in print and online media of any type, including internet, in particular for copying, disseminating, transfer, dispatch, making available to the public, removal from a database and retrieval, including both in time and content in the scope necessary for the execution of the order. The aforementioned rights shall in all cases be transferred unlimited in place.

Clause 17 For operational disruptions or in events of force majeure, illegal industrial action, unlawful seizure, traffic disruptions, general raw material or energy shortage and similar – both in the Contractor's business and also in third-party businesses which the Contractor uses for the fulfilment of the order – the Contractor is entitled to full payment of the agreed service if the publication in question has been delivered with considerable delay by the Contractor (compare clause 12). In the event of low sales deliveries the agreed remuneration will be reduced in the same proportion in which the agreed circulations stands to the circulation delivered. Apart from that, in the above-mentioned cases the Contractor has no duty to fulfilment of orders and payments of compensation. In particular there is no claim for compensation for advertisements or other promotional material not published or not published in time.

Clause 18 Place of performance is the head office of the Contractor. In the course of business with entrepreneurs, legal entities under public law or special funds under public law the jurisdiction is the head office of the Contractor in the event of a dispute. If the place of residence or normal place of abode of the Customer, also for non-entrepreneurs, is unknown at the time of bringing the action or if the Customer moved his place of residence or normal place of abode out of the area of application of the law after the formation of the Contract, the head office of the Contractor shall be agreed as jurisdiction.
